Important Questions	Answers		Why This Matters:
What is the overall deductible?	\$0 Network 1	\$2,000 individual / \$4,000 family Network 2	Generally, you must pay all of the costs from providers up to the deductible amount before this plan begins to pay. If you have other family members on the plan, each family member must meet their own individual deductible until the total amount of deductible expenses paid by all family members meets the overall family deductible.
Are there services covered before you meet your deductible?	Yes, preventive care, lab, emergency care, DME and some select services.		This plan covers some items and services even though you haven't yet met your deductible amount, but a copayment or coinsurance may apply.
Are there other deductibles for specific services?	No		Deductibles apply to some Network 2 services.
What is the out-of-pocket limit for this plan?	\$3,000 Individual / \$6,000 Family for Network 1 and 2 providers combined		The out-of-pocket limit is the most you could pay in a year for covered services. If you have other family members in this plan, they must meet their own out-of-pocket limits until the overall family out-of-pocket limit has been met.
What is not included in the out-of-pocket limit?	Premiums, balance-billing charges, any pharmacy penalty and health care this plan does not cover		Even though you pay these expenses, they don't count toward the out-of-pocket limit.
Will you pay less if you use a network provider?	Yes. See www.bcbsm.com or call the number on the back of your BCN ID card for a list of network providers		This plan uses a provider network. You will pay less if you use a provider in the plan's network. You will pay the most if you use an out-of-network provider, and you might receive a bill from a provider for the difference between the provider's charge and what your plan pays (balance billing). Be aware, you're your network provider might use an out-of-network provider for some services such as lab work. Check with your provider before you get services.
Do you need a referral to see a specialist?	Yes		This plan will pay some or all of the costs to see a specialist for covered services but only if you have a referral before you see the specialist.

 All [copayment](#) and [coinsurance](#) costs shown in this chart are after your [deductible](#) has been met, if a [deductible](#) applies.
